Dear Christian,

Congratulations on achieving this year's incentive trip to Dubai. I have no doubt that this is the first of many. To accomplish this milestone in your career with Sensis you have achieved a result of 108.31% to objective whilst in the Premium channel. This is an outstanding result and even more so as it was in your first year.

Christian your dedication to Sensis and to your role within our company is praiseworthy. You work hard to deliver solutions that will suit your customer's needs and always have a long term vision, for them and our business.

You're an extraordinary team member always the first to offer help should someone need it. You do not limit your help to within our team and I often see you helping out other teams and their members. With your strong IT skills you are constantly being called upon to fix or guide other managers with their reporting tools.

Christian, I am confident that you will achieve all goals that you set for yourself and will be determined in following your chosen path for professional growth.

Thank you for all the support you have given me, I have enjoyed working with you and hope this continues long into the future.

Regards
