8th October 2008

To whom it may concern,

I have known Christian for 8 years as a fellow member of the Driver Training Unit (DTU) of Four Wheel Drive S.A.

In that time he has represented the unit as a member training other club members, on the Training Committee providing advice on training issues and then as the Training Officer coordinating training for the DTU in both practical and theory. This has included hands on demonstrations with commentary to the public at 4wd shows and numerous training sessions for club members, delivering nationally recognised Certificate IV Workplace Training & Assessment units and assessing trainee's capabilities against established set criteria giving balanced feedback as required.

At all times I have found Christian to be reliable, well organised, conscientious and knowledgeable in his subject matter. He is well liked as a trainer and assessor and has a sense of humour that endears him to trainees and which helps him convey the key points of the topic he's delivering.

I'm happy to recommend him to you and to provide further information if required and can be contacted on mobile 0410 511 633 or at home (08) 85 222 738.

Yours Sincerely,

Norman Bee
